EI Card Threshold Checkout List: Card Number _____

First Steps: Log in to the **cmslab** account. Zero all the memories. Start **vmedia** and execute the script **eiso_threshold.txt**. It will program things in the order given by the grey numbers. Place a check mark over the grey number.

Direct data: check at U125 (pin 8,11,14,17). One or two hex patterns described in table should completely show up. All paths checked.

Region 0

Threshold	Pattern	Okay?
0	F only	1
1	A F	2
1	F 2	3
2	A F	4
2	F 3	5
3	A F	6

Repeat for Region 1:

Threshold	Pattern	Okay?
0	F only	7
1	A F	8
1	F 2	9
2	A F	10
2	F 3	11
3	A F	12
